

Is your hotel Ready, Willing and Able?

Sudden Cardiac Arrest (SCA) knows no boundaries.

In Australia approximately 30,000 people sustain SCA outside of a hospital and are treated by emergency medical services (EMS) each year. (That's 575 Australia's dying every week!)

The Facts

- 🌿 An average of only 9% of its victims in Australia survive
- 🌿 It can happen anytime, anywhere and to anyone, even young athletes
- 🌿 Early defibrillation is the single most effective treatment for SCA
- 🌿 Defibrillation within three minutes of collapse can increase the chance of survival to over 70%

It's so important to have a quality life saving device to ensure your Hotel is Heart Safe, for your team, yourself and your guests. Become a Heart Safe Hotel now.

THE OFFER!

~~RRP \$2,895~~

\$2,550

Save \$345
